

Table fan Airbi BLADE

Key features

- power stepless adjustment
- 120° horizontal oscillation mode
- built-in rechargeable battery
- adjustable tilt head
- high efficiency motor
- easily removable front covering
- rubbers on the bottom reduce vibration and increase friction

Description

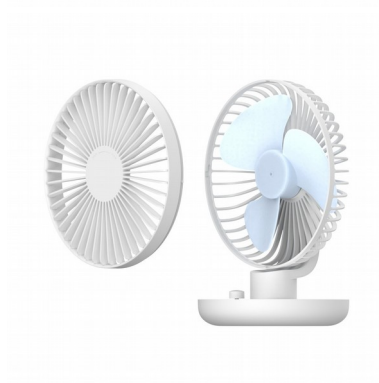

Airbi BLADE is compact 6inch portable fan that is designed in unique modern look, lightweight and space-saving. It is perfect personal fan for office, home, bedroom, desktop, camping, or anywhere you need to make your day cool. **Airbi BLADE is equipped with rechargeable battery (3000mAh)** that ensures 2-4 hours working time depend on choosed speed. Built-in battery can be charged with any device with USB port (TV, laptop, desktop, power bank, socket, power outlet) or by AC adapter that comes together with USB cable. **The key function of Airbi BLADE is its power stepless adjustment** that is suitable for your various cooling demand, just turn the power knob to change the speed. It will always keep you cool at the low speed, the high speed is strong enough to cool you down quickly after heavy sweat. Airbi BLADE is equipped with adjustable tilt head that allows you to direct the air where you need it.

Widespread oscillation (120°) quickly provides cooling airflow and comfort throughout the room. Easily turn the oscillation on or off with press of a power knob on fan. Fan oscillation mode boost the effects of air cooling. Everyone will appreciate **easily removable front cover** for cleaning of the fan propeller. Designer rubbers on the bottom of the pedestal **help reduce vibration and increase friction**, which keep the fan firmly in place to ensure airflow is being directed to the desired location and doesn't slip over when working even at the high speed.

Technical parameters

Power supply	DC 5 V (output)
Power consumption:	4 W
Battery:	3,7 V, 3000 mAh
Noise level:	35-45 dB (A)
Colour:	White
