- Continuous or interval mode of operation (30 seconds on - 30 seconds off)
- automatic shut-off when water runs out
- Noiseless operation
- ultrasonic technology
- 3-6 hours operation per fill
- 3 colour variants - beige, blue, red

## Description

A stylish aroma diffuser with flame effect offering an amazing experience with 3 levels of backlighting to create a relaxing atmosphere. With a continuous or interval mode (30 seconds on - 30 seconds off) you can adjust the operation to suit your needs. Safety is ensured by automatic shut-off when the water runs out.

Noiseless operation and ultrasonic technology ensure quiet and comfortable use. The diffuser can operate for 3-6 hours per fill, offering an easy way to humidify the air in the room. Humidifying the air can provide benefits such as improving breathing, protecting mucous membranes from pathogens, reducing dry skin and promoting overall well-being.

This diffuser is not only a stylish accessory, but also a useful feature for improving air quality and your environment. Enjoy relaxation and clean air with this amazing device.
