

# Ultrasonic humidifier with ionizer and aromabox

## Airbi CUBIC

### Key features

- 3 in 1 - humidifier, ionizer and aromatherapy
- Water and antibacterial filter
- 3 levels of manual operation
- Rotary output nozzle
- Steam preheating
- Automatic shut-off when the tank is empty
- Handle for convenient water replenishment

### Description

The ultrasonic humidifier **Airbi CUBIC** is ideal for clean and healthy air and it will help you to ensure optimal climatic conditions in your home. The CUBIC is a **multi-purpose device (3 devices in 1)**, as it is equipped with a **humidifier**, an **ionizer** and an **aromabox**, in which the user can add essential oils to enjoy the beneficial effects of aromatherapy. The CUBIC that is designed as an cube, is equipped with a **sufficiently large water tank**, so that even at high performance, the humidifier can work overnight without filling water up. The CUBIC is controlled by **3 buttons with LED backlight** on the front panel.

One of the 3 power levels can be selected on the instrument (each indicated by a different color on the power button) and optionally the ionizer function can be switched on. More demanding users will appreciate the **swivel outlet nozzle**, the **preheating option** or the easy-to-fill water tank with a **practical carrying handle**. The advantage of the CUBIC ultrasonic humidifier is its **high performance and very low energy consumption**. Airbi CUBIC releases clean and fresh steam into the ambient room. An **antibacterial and water filter** captures the minerals contained in the water and prevents further dispersal of these particles.

### Technical parameters

Water tank capacity:	5 l
Humidifier power:	120-300 ml/h
Power consumption:	30-110 W
Noise level:	< 35 dB
Frequency:	50/60 Hz
Voltage:	220-240 V
Designed for rooms:	max. 35 m <sup>2</sup>
Colour:	white
