

Airbi FAN MINI—handheld personal fan

Key features

- **Portable handheld fan**
- **Lanyard compatible (built-in eyelet)**
- **3 speeds with easy controls**
- **Built-in rechargeable battery**
- **USB-C charging**

Description

Airbi FAN MINI is the practical handheld fan. Its compact size takes up minimal space. Lightweight construction, sufficient power output, and lanyard compatibility make it your reliable partner for battling heat whether traveling, at home, or in the office.

Maximum Independence with Powerful Battery. Experience true freedom with efficient battery. Use your fan anywhere – no power outlet required, complete portability guaranteed.

The built-in rechargeable battery delivers 1,200 mAh capacity, providing 2-8 hours of continuous operation (depending on selected speed). Equipped with modern USB-C connectivity for versatile charging via power bank, TV, PC, or any compatible adapter.

Simple Yet Effective Control. Effortless one-button operation lets you cycle through 3 optimized speed levels with ease.

Versatile Design for Every Need. Carry it anywhere, wear it hands-free with the lanyard, or place it on any flat surface. Whisper-quiet operation ensures it won't disturb your work or relaxation time.
