Key features

- **Take cooling comfort anywhere with portable design**
- **Hands-free neck carry—use your favorite lanyard**
- **Superior airflow performance for instant relief**
- **Effortless speed control at your fingertips**
- **Enjoy up to 8 hours of cooling with built-in battery**
- **Charge via universal USB-C connection**
- **LED display shows speed level & battery status**

Description

Airbi FAN TURBO is the practical handheld fan that perfectly balances modern design with exceptional functionality. Its compact size, high-performance motor, and possible use of neck lanyard make it your reliable cooling companion for battling heat at home, office, or on-the-go adventures.

Maximum Independence with Powerful Battery Experience true freedom with our high-capacity battery. Use your fan anywhere – no power outlet required.

The built-in rechargeable battery delivers impressive 3,000 mAh capacity, providing 2.5-8 hours of continuous operation (depending on selected speed). Equipped with modern USB-C connectivity, charge via power bank, TV, PC, or any compatible adapter. Stay informed with the smart digital display showing real-time battery status.

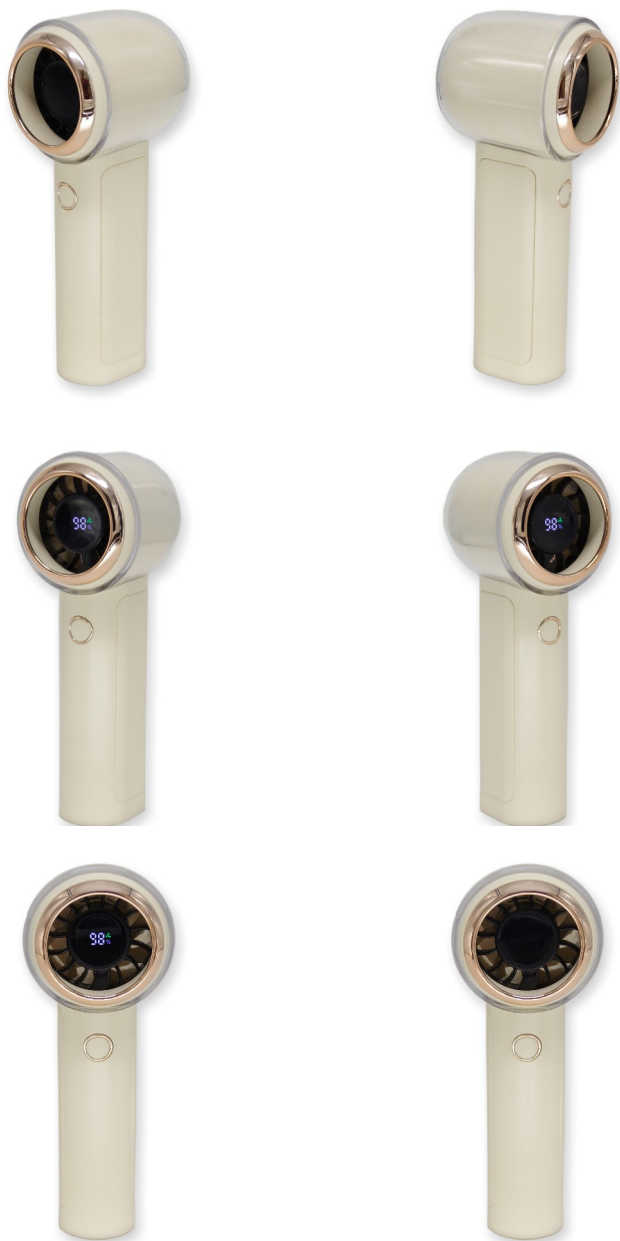

Effortless Control, Precise Performance Simple one-button operation gives you complete control. Choose from 5 pre-set speed levels or select fine-tuning mode for percentage-precise airflow adjustment.

Versatile Design for Every Lifestyle Carry it anywhere, wear it hands-free with the lanyard (not included), or place it on any flat surface. Whisper-quiet operation won't disturb your work or relaxation. The sleek minimalist design complements any environment perfectly.
