Description

Back pain is an ageless health problem that everyone has encountered. The best prevention and treatment of this pain is exercise and regular massages, but few have the time and money for them. That's why we developed at Airbi **unique personal massage device FIT**, thanks to which you can indulge yourself with a **pleasant massage whenever and wherever you want**. Just like after a visit to the masseur, the **effect is an immediate**.

The Airbi FIT massage device is an ideal tool for effective relaxation of the muscles of the whole body.. Ergonomic shaping and **lightweight wireless design** allow you to get full body self-massage without outside help lasting **for up to two hours** on a single charge With intuitive control, you can adjust the intensity of the massage on the device or select one of the massage modes. The device includes **5 easy-to-replace heads suitable for different parts of the human body**.

Airbi FIT relaxes and warms up muscles, improves blood circulation and metabolism, breaks down cellulite and removes stress from the body in a pleasant way.

Technical parameters
